

# SMSD Birthday Parties

Chairs: Helen Sniezek and Sophia Reicherter

# What is birthday parties (pre covid)

Group of volunteers go to Neiman Elementary or Apache Elementary to hand out goodie bags to the kids whose birthdays are that month. Usually the first monday of every month hours 4-6

## **Possible idea for this project during covid**

We think it is still important to do something for these kids because a lot of these kids never get anything for their birthdays and don't really celebrate them at home so by us coming each month really means a lot to them.

Idea: get a group together each month outside of school and still make the goodie bags for kids and drop off to the school for them to get when they go back to school
