Timing for Volunteer Work

Practices weekly and tournaments on weekends monthly. Dates for practices and tournaments TBD.

Requirements to Volunteer

There are no requirements to volunteer. However, we ask that you show up on time and have a good, positive attitude.

Description of Services

In a typical year we would have practices weekly and tournaments on weekends monthly. However, this year may look differently this year. This year we will most likely have online practices and other online opportunities to work and lead with our special needs friends.

Ways to Help from Home

You can join our online practices. Another way you can help is by giving us ideas on what to include in our practices.
